Speaking on the occasion, Atul Punj, Chairman – Punj Lloyd Group said, *“The total order booking till date in FY15 has surpassed the value of orders booked during the two year period 2012-2014, auguring the prospects for improved financial performance in the coming time. This is also symbolic of the trust that our clients continue to have on us. Internally, our focus continues on cost reduction and claim realisation. Our first significant accomplishment in the planned debt reduction through monetisation of our non-core assets has been achieved with the sale of our shareholding in Global Health Private Limited. A few more initiatives, currently underway, would set the operation to demonstrate a positive all round growth justifying the trust reposed by the stakeholders.*

“The spate of initiatives taken by the new Government have raised industry sentiments and I am confident that with the effective implementation of new orders and the increased opportunities for EPC players, business prospects are bright. Our dedicated, cutting edge defence manufacturing facility will also see traction with the impetus given to the ‘Make in India’ programme,” he further added.

The Group’s order backlog stands at Rs. 23,181 crore. The order backlog is the value of unexecuted orders on December 31, 2014 plus new orders received after that date.
